Robert Wood

A Member Of:

Marion County
Chamber of
Commerce

Robert Wood joined DDF Consulting Group in November 2005. Robert has implemented accounting software solutions for customers in varied industries since 1998. Robert supports Sage MAS 90/200 ERP, Sage BusinessWorks, Crystal Reports, and Excel.

Robert began his career with James Moore & Co., PL, as a Information Systems Consulting staff person in May 1998. His responsibilities included the review and selection of computer software, installation, training, and support of customers using various software packages, creating custom reports using Crystal Reports, Microsoft Access, and Microsoft Excel, and integrating various systems with MAS 90/200 using Visual Integrator.

Robert works with clients in a variety of industries, including those in the wholesale distribution, construction, manufacturing, and fuel jobber arenas.

Robert graduated from the University of Florida's Fisher School of Accounting in May of 1998 with a Bachelor of Science in Accounting. He attends numerous continuing professional education classes each year.
